

22 5 ultracab[®] WALK-THRU

The new WT model features a full-height walk-thru in the forward-leaning cabin, allowing easy access to the foredeck, and to the bow for ease of fishing and storage options. It's the ideal boat for island-hopping or coastal exploring, as well as undertaking fishing excursions. Hard-core fishermen won't be disappointed in the 2250UCWT's on-water performance.
